Subject: OFA-OW call tomorrow morning

Hi Russ and Clay

Because we have been knee deep in NEPA update stuff and haven't had time to assign anyone to the coordination memo, here's what I'd like to suggest for tomorrow's call.

Depending on how the Bristol bay check in goes, let's keep that time on the books and if we need to have that as an HQ only coordination between us and staff (Palmer and Marthea) on the EIS and/or bringing in Brian (and John if needed) and Rob to help with any coordination to do to prep for next week.

We can make that determination on if we need the meeting and what level needs to participate after we hear the update this afternoon

How's that sound?

Thanks!
Cindy
